Made in Western Australia

WESTERN AUSTRALIAN OWNED

RUBEK

AUTOMATIC DOORS

Established 1994

"Committed to Western Australian businesses"

Rubek Industries wins more awards for excellence.

"Wanneroo Business Association Awards 2008"

What a year! Winning 2 more awards for business excellence and innovation from the 2008 Satterley Property Group City of Wanneroo Business Awards.

This year included 23 finalists across 13 categories and competition was tough for the top spots

with Rubek Industries succeeding in the Small Business, Most Innovative and Manufacturing segments for 2008.

What could be a more perfect end to the year. And a year filled with new product development for our flagship

product in the Automatic Sliding Door market.

A product 14 years in the making that now, with this latest revision, still further exceeds the NEW Australian Standard AS2007-5007 providing yet more features, benefits and safety to all users of our automatic door operators.

What our customers say about us.

- "We prefer to support a locally made automatic door operator, deal direct with the manufacturer and keep the \$\$\$'s in WA"
- "Our clients deal direct with the manufacturer with their head office and manufacturing based in Perth and not in the eastern states."
- "Why support a product that is owned by an overseas company?"
- "With the current economic climate and an uncertain future over the next year or so, gives even more reason to support a locally manufactured product over imports."

Successes for 2008

- Still the ONLY local manufacturer in WA.
- Full compliance with **new** Australian Standard for automatic door control.
- Delivery in **less** than 24 hours for emergency's.
- **New** intelligent controller for all auto door operators.
- **New** intelligent power supply and charger for WA's changeable mains power.
- **3** more awards in 2008.
- New web site at www.rubek.com.au
- Complete regional coverage.
- Our service vehicles are on call 24 hours a day 7 days per week
- looking after not only our door operators but also some other brands of door operators.
- All Rubek Automatic door operators still come with a 12 months parts and 24 months labour **warranty for your peace of mind.**
